The class has a hands-on focus to training. The techniques that will be taught include **How to Use Your Winch, Rig Recovery Techniques and Tools, What is a Pull-Pal, How to Use a Hi-Lift Jack, How to Plug a Tire and How to Change a Tire.** We will talk about scenarios and safety situations that surround these activities, all with a hands-on focus to accomplish these heavy tasks as a lady. Ladies will receive communication from our team prior to the event outlining the class and what they need to bring. Men are welcome to register to learn.

Hello! I am very excited about the Summer 2018 22-stop Trail Training Tour that I have been able to put together, and look forward to meeting you at the shop closest to you! I do realize weeknights may not be the best, or that I may be asking you to drive a couple hours to the location nearest you...but I'm going to ask you to "Help Me, Help You!" and take the commitment to education with me! I have been able to offer this one-time \$49 rate because of the way the tour is layed out, weekdays included. I can't guarantee the price, or that I will be back in your area anytime soon. Join us, YOU CAN! :) Please read more about my 24-years working in the Offroad Industry and about Ladies Offroad Network on our website ~ I am all about education and experiences! See You Soon! ~Charlene
