

# 2021 is the Beginning of Anything You Want

## **Ladies OFFROAD NETWORK 2021PLANNER**

Ladies Offroad Network has been an ever evolving International Program focused on Education and Networking for Offroad Ladies. We are lucky to have the chance to provide hands-on programs, online programs and daily options for you to learn and meet other amazing ladies. We want you to take advantage of all the opportunities to learn and network, but realize time is of the essence. Just remember one of my mottos: Never let an opportunity pass you by!

This is our 2nd Planner. The first one happened during 2020 where all we did was cross out event dates. UGH! This year we will be smarter and keep it adjustable. You will have access to monthly updated pdf's on our website. The opportunities listed are what Ladies Offroad Network will be building, hosting or participating in so you can join us!

What isn't on the calendar is just as interesting. These are the big dates, then keep up with us during our weekly LIVE@5's to understand what other opportunities are coming up for you to jump on. We are always trying to create as much opportunity for you as possible. Trust me, I never stop dreaming of ways to hang out with you!

***Please always refer to our website: [www.LadiesOffroadNetwork.com](http://www.LadiesOffroadNetwork.com) for details and most up to date information.***

**Goals! Goals! Goals!** We all have them, but then there is that whole process of actually having to do something to obtain them. Goals can be big. Goals can be small. A series of small goals add up to the opportunity to check off a big goal. Goals can be in all areas of our life...and specific for us in our offroading world too.

Each of the calendar pages gives you the opportunity to write down your goals. Break down the big ones and create something obtainable for the month that gets you one step closer. Once you do it, check it off! Yes, you can!

I sincerely look forward to seeing you in 2021. We have so many amazing options for you to join in on our Glamping Trips. We also have some big online learning opportunities coming in association with *Bower Academy*. Whether it is online or in person ~ we WILL have fun learning! Take advantage of your membership!

**What are you committed to in 2021??**

We Got This!! Thank you ~
